

## **Internship Program**

### ***About AzSAN***

The Arizona Sexual Assault Network (AzSAN) is a 501(C)3 nonprofit operating in partnership with the U.S. Department of Justice, Office of Violence Against Women. Our mission is to identify and address sexual violence issues through a collaborative statewide network. To achieve a society free from sexual violence, AzSAN functions as a collective voice to reduce the threat and mitigate the effects of sexual assault in our state.

AzSAN, like many other non-profit organizations, relies on the generous support of volunteers and interns to help fulfill this mission. Donation of time, energy, and knowledge are among the most valuable resources one can share, and we hope that you are able to do so with us!

### ***Internship Opportunities***

There are a variety of departments within AzSAN that contain internship opportunities for students. These include event planning and coordination, outreach facilitation, membership development, legal and legislative, grant writing and fundraising, office administration, library cataloging, and design and marketing. On the Internship Application, you will have an opportunity to designate which areas interest you most and best fit your skill set.
